

Final Project Wireframe

2. Your wireframe must have at least 3 (or more) pages:

- *Homepage*: This is the first page users will see. Make it welcoming and informative.
 - Briefly explain what HelpHub is and what it offers.
 - Highlight any other pages that you would like people to navigate to.
- *Charities List Page*: This page allows volunteers to search for charities in their area. It needs to have a list/grid view to display all the charities.
 - There needs to be at least 3 different charities of your choice on the page.
 - Each charity should have a button that links to its Charity Profile Page.
- *Charity Profile Page*: This page provides detailed information about a charity when selected from the Charities List Page.
 - It should include a "Volunteer Now" button, that when clicked, allows a user to input their contact information.

Homepage

- explain purpose
- highlight subpages

Charities List page

- listing of charities
 - ↳ button leading to Charity profile page

Charity Profile page

- detailed information
- 'volunteer now' button
 - ↳ contact form
